

TEACHERS AND ACADEMIC STAFF

FACULTY DEVELOPMENT

Professional development for lecturers and teachers:
facilitation, AI in education and inquiry-based learning.

DURATION

12 to 60 hours

FORMAT

Online, hybrid or on site

LANGUAGE

English or French

FOR

Universities, colleges and schools

PROGRAMMES

SIX WAYS TO GROW YOUR FACULTY**Facilitating, Not Teaching**

Move from content delivery to facilitation: inquiry, differentiation, portfolios and assessment.

AI in Education

Responsible use of AI for planning, differentiation, multilingual resources and inquiry.

The Differentiated AI Classroom

Inclusive learning pathways for learners with different levels, interests and needs.

Inquiry-Based Learning

Curiosity, critical thinking and independent investigation linked to real life.

Classrooms Without Borders

Learning beyond the classroom: community, virtual, intercultural and international.

Customised Development

A programme built around your institution's goals and staff needs.

WHO IT'S FOR

TARGET GROUPS

- University academic and teaching staff
- College and vocational lecturers
- School teachers
- Deans, heads of department and programme leaders
- Quality assurance and academic management staff

OUTCOMES

WHAT CHANGES

- Better teaching and learning quality
- Student-centred, facilitation-based practice
- Confident, responsible use of AI tools
- Modern assessment and progress tracking
- A culture of continuous professional development
